Acceptable Items:

- Covered computer device A desktop or notebook computer or computer monitor or peripheral, marketed and intended for use by a consumer.
- Covered television device An electronic device that contains a tuner that
 locks on to a selected carrier frequency and is capable of receiving and
 displaying television or video programming via broadcast, cable or satellite,
 including, without limitation, any direct view or projection television with a
 viewable screen of four inches or larger whose display technology is based on
 cathode ray tube, plasma, liquid crystal, digital light processing, liquid crystal
 on silicon, silicon crystal reflective display, light emitting diode or similar
 technology marketed and intended for use by a consumer primarily for
 personal purposes.
- Peripheral A keyboard, printer or any other device sold exclusively for external use with a computer that provides input into or output from the computer.
